SUMMARY

I am a highly motivated and detail-oriented Full-Stack Developer with hands-on experience in building dynamic web applications and managing complex software systems. Proficient in .NET, PHP, JavaScript, and modern frameworks like ReactJS and AngularJS, I specialize in crafting efficient and scalable solutions. My experience spans across working on diverse projects, including vehicle service management, inventory tracking, and auction systems, which have honed my problem-solving and collaboration skills.

SKILLS

.NET   PHP   C#

JavaScript   ReactJS

Laravel   MySql   Docker

SQL Server
